

Pauline red

AOC LANGUEDOC

GRAPE VARIETIES

50% Syrah, 50% Grenache 45hl/ha

VINEMAKING

Fermentation at low temperatures.

Vatting time of 30 days in thermo regulated vats for good aromatic extraction.

Reassembly and extraction.

Aging of 12 months in rotation between vat and two wines barrels under the control of the oenologist Pascal CHATONNET

TASTING NOTES by Olivier POUSSIER World's Best Sommelier 2000

It is a fairly tasty juice and a register of macerated fruits, pits, spices, and scrub. The palate opens up with a certain ease of taste, the wine is round, supple and accessible. The tannic relief is well integrated.
